Thanks Ana, I'll plan to get there around 5:30pm.

Bio: Ray Basso, USEPA Region 2, Director of the Lower Passaic River Project, spent most of my 35 years at EPA in various positions in the Superfund program. Have been working on the Passaic River since 2005. Should have retired on April 3rd.

Subject: Tomorrow

Hello everyone

We're looking forward to seeing you all at tomorrow's **Restoring the River Panel!**
I should be arriving around 5:45. If you can come a little earlier to set up your powerpoint slides on the computer, that would be great. Parking can usually be found around the Park on the side streets. (Somme St, Van Buren St., Market St.)

Joseph Della Fave our ED, will do a welcome and then I will introduce each of you before the start of the program. If you can send me just a few brief sentences or your bios - I will just mention a few key points as a way of introduction.

Let me know if you have any questions or issues - 973-342-6056

Best regards and thanks again for agreeing to participate in this event

Ana
